

ELECTRICIAN STANDARD TOOL LIST

Tool Box Inventory – Please complete Inventory Form and return to Operations. As you get new tools, don't forget to update your inventory list and submit for your employee file in event of theft or damage. Your homeowner's policy covers most losses; however it is responsibility of "insured" to document insured tools. Return completed Inventory to the HR Dept. where it will be filed in employee file.

Employee Name (print): _____ Date: _____
